"THE YELLOW TYPHOON"
BY HAROLD MACGRATH

The Girl and the Woman

Behind the Girl was the massed power of the Government. Her mission—hazardous in the extreme—tapped the very fountain of thrilling experiences.

Behind the Woman, the world-old power of captivating beauty and alluring manners. "The Yellow Typhoon" they called her in the Orient because of the wreckage she left in her wake—simple men who saw not her tigerish heart.

One day they met—the Girl and the Woman—like a lighted fuse and powder—and the issue between them was settled—as becomes the manner of the Female of the Species.
